Junior Catalog

Buntings' Nurseries

INCORPORATED

SELBYVILLE, DEL.

Growers of Quality Trees & Plants

A Foundation Planting of Evergreens

A PERSONAL MESSAGE

In presenting our new catalog, we wish to emphasize the fact that it is hardly possible for us to express in words our appreciation to the many customers throughout the United States and foreign countries for the business we have enjoyed during the past years in which we have been engaged in growing trees and plants.

Your attention is called to the reduced prices in this catalogue which you will find are in reach of all people. The soil and climatic conditions in this section are unexcelled for producing good nursery stock which, in connection with our experienced organization, assures those who place orders with us of getting good stock, properly dug and packed.

We thank you in advance for any business that you may place with us, and assure you it will at all times receive our best possible attention.

BUNTINGS' NURSERIES, INC.
C. A. BUNTING, President.

Good stock and careful planting makes this

INSTRUCTIONS TO PURCHASERS

ORDERS. Orders should be sent in just as soon as possible after receiving catalog. By placing orders early you are more certain of getting the varieties wanted, as late in the season we are usually sold out of some of the varieties. If ordered early we can reserve the stock until you want it shipped. We acknowledge receipt of all orders promptly.

SHIPPING SEASON. We begin filling orders about October 15th and continue digging and shipping during the entire fall, winter and spring until May 10th to 15th. We are sometimes delayed in January, February and the early part of March by freezing weather, but usually able to ship most of the time during these months.

THE PROPER PLANTING SEASON is during the months of February, March and April in the spring, and late October, November and December in autumn. Nursery stock is successfully planted any time during winter months that ground is not hard frozen. In freezing weather the roots should be well protected when handling and not exposed to frost.

APPLICATION OF PRICES. The prices in this catalog (except where otherwise noted) apply as follows: 1 to 4 trees or plants of ONE KIND are sold at the each rate; 5 to 30 of ONE KIND are sold at the 10 rate; 30 to 250 of ONE KIND are sold at the 100 rate; 250 or more of ONE KIND at the 1000 rate.

TERMS. Cash with order; but orders will be booked if one-fourth value is received with order, remainder to be sent before time of shipment. We allow a cash discount of 5 per cent on all orders, large or small, when cash accompanies order in full and when order is received by us on or before March 15th. After this date no cash discount is allowed. Remit by money order, registered letter, check or draft.

PACKING. We make no extra charge for boxing and packing, all stock is delivered f. o. b. train at prices quoted in this catalogue. We use damp moss in packing all stock, which insures safe delivery.

WHEN YOU RECEIVE TWO CATALOGUES, please hand one to your neighbor.

WARRANTY. We strive to avoid mistakes and believe we are exact as any in the business. Any stock received from us that is not true to name, we agree to replace on proper proof, such stock free of charge, or refund purchase price. It is understood and agreed between the buyer and ourselves that we will not be held responsible for any greater sum than the cost of the stock, should any prove untrue.

REFERENCE. We refer you to Dun's and Bradstreet's commercial agencies, and Baltimore Trust Company of Selbyville, Del.

TELEGRAPH OR TELEPHONE US AT SELBYVILLE, DEL.

WE CANNOT GUARANTEE STOCK TO LIVE. We guarantee all stock we sell to be strictly first class and True-TO-NAME, dug and packed properly for shipment; our prices compete with other reliable nurserymen, we do not charge a price for a tree, that should it die we could replace it and then still make a profit. Stock often perishes when it is not properly planted and cultivated; also the severe cold and heavy storms of winter and droughts of spring and summer, which are liable to occur, will sometimes cause the best of stock to perish, which is no fault of ours.

It is impossible for us to guarantee trees and plants to live, as this altogether depends on weather conditions and how stock is planted and cared for after planting. The conditions which prevail after stock leaves our hands are such that it is just as impractical for a Nurseryman to guarantee a tree or plant to live as it would be for your best neighbor to sell you a horse or other live stock and guarantee it to live. We can only guarantee to send you good stock up to grade represented, full of life and true to name.

SHIPMENTS. After we deliver stock to the forwarding companies, and receive their receipt for the shipment in good condition, our responsibility ends. If stock is damaged while in transit, have agent at point of delivery to note such damages on freight or express bill, and present your claim for damage with said agent against forwarding companies. Keep copies of all papers. If adjustment is not made within a reasonable time take the matter up with us; we will endeavor to help you get a prompt adjustment.

SUBSTITUTION. When sold out of a variety of trees or plants, we frankly say so, and when you allow us to substitute we will send a variety similar to the one ordered, as good or better; as we know the many varieties our substitution, if any, will be of advantage. Late in the season we are sometimes sold out of some varieties of stock, thus when sending your order it is to your advantage to say whether we may substitute or not, that we get the order off promptly, before the season is too far advanced for successful planting. If you do not wish us to exercise this right, please mark your order sheet plainly "NO SUBSTITUTION."

CLAIMS. If any, must be made within five days from receipt of stock. We cannot become responsible for damage to stock caused by droughts, floods, frosts, insects, fire, etc., and by stock not being taken from the express office for several days after its arrival.

NOTICE OF SHIPMENT. Notice will be sent you when your order has been shipped.

- (1) George Peabody, Golden Arborvitae, (2) Norway Spruce, (3) Globe Arborvitae, (4) Pyramidal Arborvitae, (5) Tom Thumb Arborvitae, (6) Blue Spruce, (7) Savin Juniper, (8) Juniper Stricta, (9) Juniper Pfitteriana (10) Japanese Yew, (11) Juniper Horizontalis, (12) Juniper Tamariscifolia, (13) Dwarf Boxwood Suffruticosa, (14) Hemlock Spruce, (15) Abelia Grandiflora, (16) Globe Privet, (17) Standard Privet, (18) Irish Juniper, (19) Arborvitae Aurea Compacta, (20) Biota Orientalis, (21) Retinospora Squarrosa, (22) Biota Nana Aurea, (23) Retinispora Plumosa, (24) American Arborvitae, (25) Euonymus Japonica, (26) Chinese Arborvitae, (27) Boxwood Sempervirens.

This photograph has been specially prepared by us for the convenience of our customers in selecting their evergreens. The caption on the right is a key to each variety as per number on ball and burlap of each tree.

A Well Arranged Planting

EVERGREENS

All Evergreens are compact, nicely shaped specimen plants, balled and burlapped for shipment.

ARBORVITAE

AMERICAN ARBORVITAE (*Thuja Occidentalis*) Foliage flat set on edge, color bright green. One of the most extensively planted Arborvitaes.

	Each	10
1 to 1½ ft.	\$0.80	\$6.00
1½ to 2 ft.	1.10	10.00
2 to 3 ft.	1.90	16.00
3 to 4 ft.	2.75	25.00
4 to 5 ft.	4.00	37.50
5 to 6 ft.	5.00	
6 to 7 ft.	6.00	

BERKMAN'S GOLDEN ARBORVITAE (*Biota Aurea Nana*) Conical form, very dense and compact, bright yellow foliage.

6 to 8 in.	\$.90	\$8.00
8 to 10 in.	1.25	10.00
10 to 12 in.	1.75	15.00
12 to 15 in.	2.25	20.00
15 to 18 in.	2.50	22.50
18 to 22 in.	3.50	32.50
22 to 26 in.	4.00	37.50

CHINESE ARBORVITAE (*Biota Orientalis*) Tall, slender, fast grower, dark green foliage.

1 to 1½ ft.	\$1.25	\$10.00
1½ to 2 ft.	1.50	12.50
2 to 3 ft.	2.00	17.50

GEORGE PEABODY ARBORVITAE (*Thuja Occidentalis lutea*) Foliage clear, lasting, golden yellow. Broad pyramidal type.

12 to 18 in.	\$2.10	\$20.00
18 to 24 in.	2.60	25.00
2 to 2½ ft.	3.75	35.00

GLOBE ARBORVITAE (*Thuja Globosa*) Very dark in growth, round or globular shaped, foliage dark green. Does not require shearing.

12 in. diameter, globe shape	\$1.75	\$16.00
15 in. diameter, globe shape	2.25	21.00
18 in. diameter, globe shape	2.75	26.00
21 in. diameter, globe shape	3.00	27.50
24 in. diameter, globe shape	3.50	32.50

PYRAMIDAL ARBORVITAE (*Thuja Pyramidalis*) Tall, slender, dense, dark green foliage. The best Arborvitae grown.

1 to 1½ ft.	\$2.00	\$17.50
1½ to 2 ft.	2.50	22.50
2 to 3 ft.	3.50	32.50
3 to 4 ft.	5.00	45.00
4 to 5 ft.	6.00	55.00
5 to 6 ft.	8.00	75.00

A Carefully Planned Planting

SIBERIAN ARBORVITAE (*Thuja Occidentalis wareana*) Gray
green foliage, slow compact growth of broad pyramidal shape.

	Each	10
15 to 18 in.	\$2.75	\$26.00
18 to 24 in.	3.00	27.50
2 to 2½ ft.	3.75	35.00
2½ to 3 ft.	4.00	37.50

TOM THUMB ARBORVITAE (*Thuja Occidentalis ellwangeriana*)
A low, broad, pyramidal shaped plant with slender branches. Resem-
bles both American Arborvitae and Red Cedar.

12 to 15 in.	\$1.60	\$15.00
15 to 18 in.	1.80	17.00
18 to 24 in.	2.25	20.00

VERVAENE ARBORVITAE (*Thuja Vervaeana*) Very compact,
pyramidal shaped. Foliage yellowish bronze.

2 to 3 ft.	\$3.75	\$35.00
3 to 4 ft.	4.50	42.50

JUNIPERS

GOLDEN JUNIPER (*Juniperus Communus Aurea*) Spreading
habit of growth. Golden tipped branches

15 to 18 in.	\$2.50	\$22.50
18 to 24 in.	3.00	25.00

HORIZONTAL JUNIPER (*Juniperus horizontalis*) Very low com-
pact growth, making a dense mat. Soft blue color, grows close to
the ground.

15 to 18 in.	\$2.00	\$17.50
18 to 24 in.	2.25	20.00

IRISH JUNIPER (*Juniperus Hibernica*) Trees form dense slender
cones of silvery green.

18 to 24 in.	\$2.00	\$17.50
2 to 3 ft.	2.25	21.00
3 to 4 ft.	3.00	27.50

PFITZER'S JUNIPER (*Juniperus Pfitzeriana*) Broad, bushy, with
gray green branches.

12 to 18 in.	\$2.00	\$17.50
18 to 24 in.	3.00	27.50
2 to 3 ft.	4.00	37.50

SAVIN JUNIPER (*Juniperus Sabina*) Low growing, very dwarf.
Dark green foliage, very desirable. Never gets large.

12 to 18 in.	\$2.00	\$17.50
18 to 24 in.	3.00	27.50
2 to 3 ft.	4.00	37.50

SPINY GREEK JUNIPER (*Juniperus Excelsa Stricta*) Gray green
foliage, compact, pyramidal, well-shaped.

8 to 12 in.	\$2.00	\$17.50
12 to 18 in.	2.50	24.00
18 to 24 in.	3.50	34.00
2 to 2½ ft.	4.00	36.00
2½ to 3 ft.	5.00	47.50

A little planting makes a big improvement

TAMARIX JUNIPER (*Juniperus Tamariscifolia*) Very dense with bluish green foliage. Very spreading habit of growth.

12 to 15 in.	\$2.00	\$17.50
15 to 18 in.	2.50	22.50
18 to 24 in.	3.00	27.50

WHITE LEAF CHINESE JUNIPER (*Juniperus Chinensis Alba Variegata*) Broad pyramidal shape. Bright metallic blue foliage spotted with pure white tips.

12 to 18 in.	\$2.75	\$25.00
18 to 24 in.	3.75	35.00
2 to 2½ ft.	4.50	42.50
2½ to 3 ft.	5.00	47.50

FIRS

BALSAM FIR (*Abies Balsamea*) Compact growth, dark green foliage. Conical form.

8 to 12 in.	\$1.50	\$12.50
12 to 15 in.	2.25	20.00
15 to 18 in.	2.75	26.00

DOUGLAS FIR (*Pseudotsuga douglasi*) Strong grower with soft dark green foliage.

8 to 12 in.	\$1.00	\$ 8.00
12 to 18 in.	2.00	17.50
18 to 24 in.	2.25	20.00

WHITE FIR (*Abies Concolor*) Tall, rapid grower, rich silvery needles.

8 to 12 in.	\$2.00	\$17.50
12 to 15 in.	2.50	22.50
15 to 18 in.	3.00	28.00

PINES

AUSTRIAN PINE (*Pinus Austriaca*) Strong spreading growth, round form, with regularly arranged branches.

18 to 24 in.	\$2.00	\$18.00
2 to 3 ft.	2.50	22.50

DWARF MOUNTAIN PINE (*Pinus Mughus*) Dwarf spreading type, short needles.

8 to 10 in. spread	\$2.00	\$15.00
10 to 12 in. spread	2.50	22.50
12 to 15 in. spread	2.75	25.00
15 to 18 in. spread	3.25	30.00

SCOTCH PINE (*Pinus Sylvestris*) Foliage bluish green. Very neat in growth.

18 to 24 in.	\$2.00	\$18.00
2 to 3 ft.	2.50	22.50

RETINOSPORAS

RETINOSPORA FILIFERA (Thread-like Retinospora) Foliage deep green; medium height.

15 to 18 in.	\$3.00	\$27.50
18 to 24 in.	3.50	32.50

RETINOSPORA PISIFERA (Sawara Retinospora) Tall spreading habit with light green foliage. A rapid grower.

18 to 24 in.	\$2.50	\$22.50
2 to 3 ft.	3.00	27.50

RETINOSPORA PISIFERA AUREA (Japanese Golden Retinospora) Same as Retinospora Pisifera except branches are tipped with gold.

8 to 12 in.	\$1.50	\$12.50
12 to 15 in.	2.00	17.50
2 to 2½ ft.	3.50	32.50
2½ to 3 ft.	4.00	37.50

RETINOSPORA PLUMOSA (Plume-like Retinospora) Soft deep green foliage. A strong grower.

12 to 15 in.	\$1.50	\$13.00
15 to 18 in.	1.75	15.00
18 to 24 in.	2.00	17.50
2 to 3 ft.	3.00	
3 to 4 ft.	4.00	

RETINOSPORA PLUMOSA AUREA (Golden Plume-like Retinospora) Soft light green foliage. Distinctly tipped with yellow.

12 to 15 in.	\$1.50	\$13.00
15 to 18 in.	1.75	15.00
18 to 24 in.	2.00	17.50
2 to 3 ft.	3.00	27.50
3 to 4 ft.	4.00	37.50

RETINOSPORA SULPHUREA (Sulphur-like Retinospora) Sulphur plumed, soft yellowish green foliage; very compact.

12 to 15 in.	\$2.00	\$17.50
15 to 18 in.	2.25	20.00
18 to 24 in.	2.50	22.50

RETINOSPORA SQUARROSA VEITCHI (Japanese Retinospora) Foliage sulphur blue, feathery and dense. Broad pyramidal outline.

12 to 15 in.	\$1.50	\$13.00
15 to 18 in.	1.75	15.00
18 to 24 in.	2.00	17.50
2 to 3 ft.	3.00	27.50
3 to 4 ft.	4.00	
4 to 5 ft.	5.00	
5 to 6 ft.	7.00	
6 to 8 ft.	10.00	

SPRUCE

CANADIAN HEMLOCK (*Tsuga Canadensis*) Graceful tree with dark green foliage; very hardy.

2 to 2½ ft.	\$3.00	\$28.00
2½ to 3 ft.	3.50	32.50
3 to 3½ ft.	4.00	37.50

COLORADO BLUE SPRUCE (*Picea Pungens Glauca*) Tall conical shape. Foliage silver blue.

8 to 12 in.	\$1.75	
1 to 1½ ft.	2.50	
1½ to 2 ft.	4.00	

KOSTER'S BLUE SPRUCE (*Picea Pungens Glauca Kosteri*) One of the most popular evergreens. Deep blue color.

8 in.	\$2.50	\$20.00
18 to 20 in.	12.00	100.00
3 to 4 ft.	25.00	225.00

NORWAY SPRUCE (*Picea excelsa*) Perfectly hardy. Compact growth. Green foliage.

8 to 12 in.	\$0.50	\$4.00
12 to 15 in.80	7.50
15 to 18 in.	1.00	8.50
18 to 24 in.	1.25	10.00
2 to 3 ft.	2.00	22.50
3 to 4 ft.	3.00	27.50

CYPRESS

LAWSON'S BLUE CYPRESS (*Chamaecyparis Lawsoniana*) Rich blue; erect grower.

1½ to 2 ft.	\$3.00	\$25.00
2 to 2½ ft.	3.50	30.00
2½ to 3 ft.	4.00	37.50

YEW

JAPANESE SPREADING YEW (*Taxus Cuspidata*) Dwarf, dense habit of growth. Very hardy.

8 to 12 in.	\$2.00	\$17.50
12 to 15 in.	2.25	20.00
15 to 18 in.	2.75	25.00
18 to 24 in.	3.00	

BROAD LEAVED EVERGREENS

AMERICAN HOLLY (<i>Ilex Opaca</i>) Foliage intensive green. Produces an abundance of red berries.		
	Each	10
1½ to 2 ft. specimen plants B & B	\$2.50	\$20.00
2 to 3 ft. specimen plants B & B	3.00	25.00

BUSH ARBUTUS (*Abelia Grandiflora*) Dwarf glossy foliage, pink flowers.

12 to 18 in.	\$1.25	\$10.00
18 to 24 in.	1.50	12.00
2 to 3 ft.	1.75	16.00

EUONYMUS JAPONICA (*Green Euonymus*) Grows very compact. Leaves dark waxy green.

8 to 12 in.	\$0.80	\$6.00
12 to 18 in.	1.00	8.00
18 to 24 in.	1.75	16.00
2 to 3 ft.	2.50	22.50
3 to 3½ ft.	3.00	28.00

MOUNTAIN LAUREL (*Kalmia Latifolia*) Dark green foliage with masses of pink flowers in June.

18 to 24 in.	\$1.00	\$8.00
2 to 3 ft.	1.50	12.50
3 to 4 ft.	2.00	17.50

MAGNOLIA GRANDIFLORA Leaves dark green, coarse and leather-like. Flowers white. (Spring planting only).

4 to 5 ft.	\$5.00	\$45.00
-----------------	--------	---------

RHODODENDRONS. Grafted. Colors red, white and pink.

18 to 24 in. strong plants	\$5.50	\$50.00
----------------------------------	--------	---------

RHODODENDRON CATAWBIENSE. Rich green foliage, large rose and lavender blooms.

18 to 24 in.	\$2.00	\$18.00
2 to 3 ft.	2.50	20.00

RHODODENDRON MAXIMUM. Deep green foliage, white blooms.

18 to 24 in.	\$2.00	\$18.00
2 to 3 ft.	2.50	20.00

YUCCA FILAMENTOSA (*Adams Needle*) Always green. White flowers in July.

2 to 3 ft.	\$0.50	\$4.00
-----------------	--------	--------

AZALEAS

AZALEA AMOENA. Dense dwarf and compact. Rose and purple flowers in June.

6 to 8 in.	\$1.25	\$12.00
8 to 10 in.	1.50	14.00
10 to 12 in.	2.00	17.50
12 to 15 in.	2.50	22.50

AZALEA HINODEGIRI.

6 to 8 in.	\$1.25	\$12.00
8 to 10 in.	1.50	14.00
10 to 12 in.	2.00	17.50
12 to 15 in.	2.50	22.50

BOXWOOD

BOXWOOD SUFFRUTICOSA (*Dwarf English Boxwood*) Low growing variety. Much used for window boxes and along walks.

4 to 6 in.	\$0.40	\$3.00
6 to 8 in.60	5.00
8 to 10 in.80	7.00
10 to 12 in.	1.00	9.00

BOXWOOD SEMPERVIRENS. Hardy, quick growing. Pyramidal shape.

8 to 10 in.	\$0.75	\$6.00
10 to 12 in.80	7.50
12 to 15 in.	1.25	10.00
15 to 18 in.	1.75	15.00
18 to 24 in.	2.25	20.00
2 to 2½ ft.	3.00	28.00
2½ to 3 ft.	4.00	

HEDGE PLANTS

CALIFORNIA PRIVET. California Privet is one of the leading hedge plants. Its foliage is of the deepest, richest green which stays on until late winter. Very hardy; easily and quickly pruned.

10 to 50 sold at 10 rate; 50 to 300 at 100 rate; 300 to 5000 at 1000 rate; 5000 or more at 5000 rate.

	10	100	1000	5000
6 to 12 in.	\$0.40	\$2.50	\$18.00	\$75.00
12 to 18 in.50	3.00	25.00	100.00
18 to 24 in.60	4.00	35.00	150.00
2 to 3 ft.80	5.00	40.00	180.00
3 to 4 ft.	1.00	8.00	60.00	275.00
4 to 5 ft.	1.50	10.00	80.00	

GLOBE SHAPED PRIVET

Specimen Plants	Each	10	100
Size 8 in. by 8 in.	\$0.60	\$5.00	\$40.00
Size 12 in. by 12 in.	1.00	8.00	60.00
Size 15 in. by 15 in.	1.25	10.00	80.00
Size 18 in. by 18 in.	1.50	12.50	100.00
Size 22 in. by 22 in.	1.75	15.00	125.00
Size 24 in. by 24 in.	2.00	18.00	150.00
Size 30 in. by 30 in.	3.00	25.00	

STANDARD PRIVET

Specimen Plants	Each	10
2 ft. stems with oval heads 15 in. diameter	\$1.50	\$12.50
2 ft. stems with oval heads 18 in. diameter	2.00	15.00
2 ft. stems with oval heads 22 in. diameter	2.50	20.00
2 ft. stems with oval heads 30 in. diameter	3.00	25.00
2½ ft. stems with oval heads 30 in. diameter	3.50	30.00

HARDY NORTH AMOOR RIVER PRIVET

(LIGUSTRUM AMURENSE)

Foliage small and attractive. Vigorous and very compact in growth.

Specimen Plants	10	100	1000
12 to 18 in.	\$1.00	\$8.00	\$50.00
18 to 24 in.	1.50	10.00	80.00
2 to 3 ft.	2.00	15.00	100.00
3 to 4 ft.	2.50	16.00	120.00
4 to 5 ft.	2.75	18.00	140.00

GOLDEN VARIEGATED PRIVET

(LIGUSTRUM OVALIFOLIUM VARIEGATUM)

	Each	100
6 to 8 in.	\$0.20	\$18.00
8 to 12 in.25	22.50
12 to 18 in.40	35.00
18 to 24 in.50	45.00
2 to 3 ft.75	70.00

BARBERRY THUNBERGI

The best low, dense, hedge plant grown. Leaves very green and attractive during summer months, turning a rich crimson in autumn, branches drooping with loads of bright red berries which hang on until late winter.

	Each	10	100	1000
2 yr. 6 to 9 in.	\$0.07	\$0.50	\$4.00	\$35.00
2 yr. 9 to 12 in.12	.90	7.00	60.00
2 yr. 12 to 18 in.15	1.25	10.00	80.00
2 yr. 18 to 24 in.20	1.80	16.00	140.00
3 yr. 2 to 2½ ft.30	2.50	20.00	180.00
3 yr. 2½ to 3 ft.40	3.00	28.00	250.00

RED LEAF BARBERRY

(Autropurpurea)

Similar in all respects to the green leaf Barberry which is so popular for mixing in the shrubbery border, as single specimens, or for planting in clumps on the lawn as well as for foundation plantings and for hedges. But the foliage of this new variety is of a rich lustrous bronzy red similar to the richest red Japanese Maples. It holds its color well throughout the entire summer. In the fall its foliage changes to vivid orange, scarlet and red shades, more brilliant and more effective than in the ordinary Japanese Barberry. It also carries the brilliant scarlet berries which remain on the plant the entire winter. It is important that this plant be set in a position where it will get full exposure to the sun to retain the brilliant red color throughout the season.

LOMBARDY POPLARS

SHADE AND ORNAMENTAL TREES

MAPLES

ASH LEAF MAPLE (*Acer Negundo*) Dwarf, stands drought and cold well. Suitable for seashore.

	Each	10	100
8 to 10 ft.	\$2.50	\$22.50	
10 to 12 ft.	3.00	27.50	

NORWAY MAPLE (*Acer Platanoides*) A large, handsome tree with deep green foliage. Very hardy and extensively planted.

6 to 7 ft.	\$1.50	\$14.00	\$125.00
7 to 8 ft.	2.25	20.00	175.00
8 to 10 ft.	3.50	30.00	275.00
10 to 12 ft.	4.00	37.50	

SCHWEDLERI MAPLE (*Acer platanoides schwedleri*) Foliage purplish and crimson in spring, summer dark green, autumn brown and red. In habit like Norway Maple.

6 to 7 ft.	\$2.00	\$17.50	
7 to 8 ft.	2.50	22.50	
8 to 10 ft.	3.00	27.50	

SILVER MAPLE (*Acer dasycarpum*) Produces a quick shade. Foliage light green on top, underneath bright silver. Extensively planted.

5 to 6 ft.	\$0.50	\$4.00	\$35.00
6 to 7 ft.70	6.00	50.00
7 to 8 ft.90	8.00	70.00
8 to 10 ft.	1.25	10.00	95.00
10 to 12 ft.	1.80	15.00	

SUGAR MAPLE (*Acer saccharum*) Very beautiful, compact growth. A favorite for street or lawn planting.

8 to 10 ft.	\$3.00	\$25.00	
------------------	--------	---------	--

PLANE TREES

AMERICAN PLANE (*Platanus Occidentalis*) Commonly called Sycamore. A fast growing tree.

7 to 8 ft.	\$1.60	\$15.00
8 to 10 ft.	2.00	18.00
10 to 12 ft.	2.50	24.00

ORIENTAL PLANE (*Platanus Orientalis*) Has a very wide round top, thick branches, rapid grower. Suitable for city street planting.

5 to 6 ft.	\$1.00	\$9.00	\$80.00
6 to 7 ft.	1.25	11.00	100.00
7 to 8 ft.	1.50	14.00	120.00
8 to 10 ft.	2.00	18.00	160.00
10 to 12 ft.	2.50	23.00	225.00

CATALPAS

CATALPA BUNGEI (Umbrella Tree) A hardy lawn tree. Large, glossy green leaves. Dwarf habit of growing.

1 yr. heads, 3 to 4 ft. stems	\$0.80	\$6.00	
1 yr. heads, 4 to 5 ft. stems	1.00	8.00	
1 yr. heads, 5 to 6 ft. stems	1.25	10.00	\$90.00
2 yr. heads, 4 to 5 ft. stems	1.25	10.00	90.00
2 yr. heads, 5 to 6 ft. stems	1.50	14.00	135.00
2 yr. heads, 6 to 7 ft. stems	1.60	15.00	140.00

CATALPA SPECIOSA (Western Catalpa) Large, hardy, rapid grower. White flowers.

5 to 6 ft.	\$0.50	\$4.00	\$30.00
6 to 8 ft.60	5.00	40.00
8 to 10 ft.80	7.50	70.00

ELMS

AMERICAN ELM (*Ulmus Americana*) A fine wide spreading tree, dark green leaves. Very hardy and one of the best.

5 to 6 ft.	\$0.60	\$5.00	\$40.00
6 to 7 ft.80	7.50	70.00
7 to 8 ft.	1.25	10.00	90.00
8 to 10 ft.	1.75	16.00	150.00
10 to 12 ft.	2.60	25.00	200.00

POPLARS

LOMBARDY POPLARS (*Populus nigra italica*) A tall rapid growing spiral-like tree.

4 to 5 ft.	\$0.40	\$3.50	\$30.00
5 to 6 ft.50	4.00	35.00
6 to 7 ft.60	5.50	50.00
7 to 8 ft.75	7.00	60.00
8 to 10 ft.	1.00	9.00	80.00
10 to 12 ft.	1.25	11.50	100.00

TULIP POPLAR (*Liriodendron tulipifera*) A tall tree of pyramidal habit with broad glossy fiddle-shaped leaves. Tulip-like flowers.

5 to 6 ft.	\$1.00	\$9.00	
6 to 7 ft.	1.10	10.00	
7 to 8 ft.	1.25	11.50	
8 to 10 ft.	1.50	12.50	

Dear Sirs: Pennsylvania, December 30, 1928.

Enclosed herewith is an order for spring shipment. Last autumn I had sample orders from three of the best Eastern Nurseries, and on quality of trees, reasonable price and good packing your firm is entitled to the lion's share of this coming year's business.

Yours appreciatively,
Raymond G. Cranch.

Let our Landscape Department help you with your planting problems.

A copy of our large catalog, which gives complete planting instructions and more detailed descriptions, can be had upon request.

WILLOWS

GOLDEN BARK WEEPING WILLOW (*Salix Babylonica Ramulis Aureis*) Tree of weeping habit, with yellow branches.

	Each	10	100
5 to 6 ft.	\$0.70	\$6.00	\$50.00
6 to 7 ft.80	7.00	60.00
7 to 8 ft.	1.00	9.00	70.00

RING LEAF WEEPING WILLOW (*Salix Babylonica annularis*) A new variety, very hardy, leaves curl to perfect oval forms

6 to 7 ft.	\$1.00	\$9.00	\$70.00
7 to 8 ft.	1.10	10.00	80.00
8 to 10 ft.	1.25	11.50	90.00

THURLOW'S WEEPING WILLOW (*Salix Elegantissima*) Tree large spreading with gray green bark and foliage. Very hardy.

5 to 6 ft.	\$0.80	\$7.00	\$60.00
6 to 7 ft.	1.00	9.00	70.00
7 to 8 ft.	1.10	10.00	80.00
8 to 10 ft.	1.25	11.50	90.00

WISCONSIN WEEPING WILLOW (*Salix Blanda*) A large round-headed tree. Will thrive in any locality.

5 to 6 ft.	\$0.80	\$7.00	\$60.00
6 to 7 ft.	1.00	9.00	70.00

BLACK LOCUST (*Robinia Pseudacacia*) Tall tree, flowers white and very fragrant in May.

6 to 8 ft.\$1.00 \$8.00

8 to 10 ft. 1.25 10.00

10 to 12 ft. 1.50 12.50

Gentlemen:

New Jersey, August 20, 1928.

I think you are to be especially complimented on the fine and efficient manner in which you put up trees for shipment and on the fine stock which you send out. I think this has much to do with the safety of future growth.

Yours very truly,

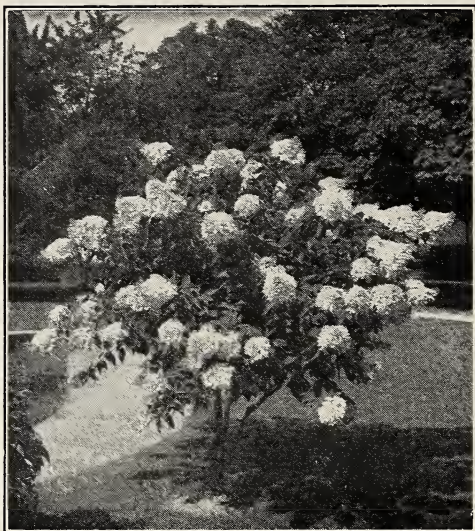

Wm. A. Schwab.

Gentlemen

Alabama, May 9, 1928.

Thank you so much for your very prompt delivery of shrubs. They were in splendid condition and all they needed was the earth to make them go on living.

Respectfully, Mrs. Elizabeth Saunders.

HYDRANGEA P. G.

ORNAMENTAL SHRUBS

Less than 10 sold at the each rate; 10 to 30 at the 10 rate; 30 or more at the 100 rate.

JAPAN SNOWBALL. White flowers in May. A new variety.			
2 to 3 ft.	\$0.75	\$6.00	
SNOWBERRY (Symphoricarpos Racemosus) Low shrub with pink flowers and large white berries.			
2 to 3 ft.	\$0.50	\$4.00	
SNOWBERRY OR INDIAN CURRANT (Symphoricarpos Vulgaris) Dwarf shrub thriving in shade. Coral red berries.			
2 to 3 ft.	\$0.50	\$4.00	
SPIREA ANTHONY WATERER. Dwarf and very dense. Pink flowers the entire summer and fall.			
Strong, bushy plants	\$0.50	\$4.00	
SPIREA BILLARDI ALBA. White flowers in July and August.			
2 to 3 ft.	\$0.50	\$4.00	
SPIREA BILLARDI. Delicate pink flowers during July, August and September.			
2 to 3 ft.	\$0.50	\$4.00	
SPIREA OPULIFOLIA (Ninebark) White flowers. Very popular.			
2 to 3 ft.	\$0.50	\$4.00	

SPIREA PRUNIFOLIA (Bridal Wreath) Tall grower, Shining cream foliage. Covered with snow white blossoms in May.

	Each	10	100
2 to 3 ft.	\$0.50	\$4.00	

SPIREA THUNBERGI. Pure white flowers early in April before the leaves appear.

2 to 3 ft.	\$0.50	\$4.00
-----------------	--------	--------

SPIREA VAN HOUTTE. Tall with long slender branches that droop with their foliage and flowers. Flowers white in May.

2 to 3 ft.	\$0.50	\$4.00
3 to 4 ft.60	5.00

SWEET SCENTED SHRUB (Calycanthus) Tall upright shrub. Flowers chocolate color having a delightful odor. Blooms in May or early June.

2 to 3 ft.	\$0.75	\$6.00
-----------------	--------	--------

TAMARIX AFRICANA. Thread-like Blue green foliage. Bright pink flowers during April and May.

2 to 3 ft.	\$0.50	\$4.00
3 to 4 ft.60	5.00

WEIGELA EVA RATHKE. Flowers deep garnet red. Produces an abundance the entire summer and autumn.

2 to 3 ft.	\$0.60	\$5.00
-----------------	--------	--------

WEIGELA ROSEA. Bright rose color. Flowers in June.

2 to 3 ft.	\$0.50	\$4.00	\$30.00
3 to 4 ft.60	5.00	40.00

PUSSY WILLOW (Salix Discolor) Gray green foliage, producing oval shaped balls of a fir-like appearance.

4 to 5 ft.60	5.00	40.00
4 to 5 ft.65	5.00	40.00

WISTERIA

HARDY CLIMBING VINES

CLEMATIS PANICULATA. A splendid climber. Flowers snow white during entire summer and autumn.

2 year vines	\$0.50	\$4.00	\$35.00
-------------------	--------	--------	---------

CLEMATIS RED FLOWERING. Same as other varieties except flowers are a rich red.

2 year vines	\$0.75	\$7.00	\$60.00
-------------------	--------	--------	---------

CLEMATIS PURPLE FLOWERING. Blooms an abundance of large purple flowers.

2 year vines	\$0.75	\$7.00	\$60.00
-------------------	--------	--------	---------

	Each	10	100
DUTCHMAN'S PIPE (<i>Aristolochia Sipho</i>) Purple flowers of quaint pipe shape. Large heart shaped leaves.			
2 year vines	\$0.75	\$7.00	\$60.00
EUONYMUS RADICANS. A good climbing vine with deep green foliage all winter.			
2 year vines	\$0.60	\$5.00	\$45.00
HONEYSUCKLE, HALL'S JAPAN. White changing to yellow. May until October.			
2 year No. 1	\$0.50	\$4.00	\$30.00
BOSTON IVY (<i>Ampelopsis Veitchi</i>) One of the best clinging vines. Grows very dense. Foliage green and very healthy.			
2 year vines	\$0.60	\$5.00	\$45.00
ENGLISH IVY (<i>Hedera Helix</i>) Foliage rich waxy green during entire winter.			
2 year vines	\$0.60	\$5.00	\$45.00
MATRIMONY VINE. Purple flowers during late summer.			
2 year vines	\$0.60	\$5.00	\$45.00
WISTERIA, PURPLE. Purple blooms in great profusion during spring. Fine for porches and trellises.			
Strong vines	\$0.60	\$5.00	
WISTERIA WHITE. Strong grower with white flowers.			
Strong vines	\$0.60	\$5.00

OPHELIA. Cream white.
PREMIER Deep pink.
QUEEN OF FRAGRANCE. Shell pink tipped with silver.
RADIANCE. Light silvery pink flowers.
RED RADIANCE. Deep red.
SUNBURST. Orange, coppery golden yellow.
RICHMOND. Scarlet crimson.

DOROTHY PERKINS ROSE

CLIMBERS AND RAMBLERS

2 yr. No. 1 plants, 70c each; \$6.00 for 10 of one variety.

CLIMBING AMERICAN BEAUTY. Bright red.

AMERICAN PILLAR. Apple blossom pink.

BABY RAMBLERS. We have them in red, pink and white.

BESS LOVETT. Clear bright red.

CRIMSON RAMBLER. Deep crimson.

DOROTHY PERKINS. Pink.

DOROTHY PERKINS WHITE. Snow white.

DR. W. VAN FLEET. Delicate shell pink.

FLOWER OF FAIRFIELD. Everblooming crimson.

GARDENIA. Bright yellow. Cream color when opened.

GOLDFINCH. Deep yellow.

PAUL'S SCARLET. Clear, vivid shining scarlet.

THOUSAND BEAUTIES (Tausendschon). Bright cherry pink, changing to almost white.

YELLOW RAMBLER. Canary yellow.

IRIS

10c each; \$1.00 per dozen; \$6.00 per 100.

Our stock consists of a mixture of a number of the best varieties grown. In making this mixture we do not let it run largely to any one variety; hence, if you only order a dozen plants you are apt to get from four to ten varieties. Iris in a mixture, when planted on properties near the residence, make a better showing than in single colors: -

Gentlemen:

Ohio, October 28th, 1928.

I received your trees and they are very satisfactory. I thank you for giving my order such consideration, and hope to favor you with more business in the near future.

Yours truly,

Anton Posek.

DAHLIAS

For the benefit of those who are not familiar with the different types of Dahlias we will give a brief description of each class.

Decorative. Large, double, full to the center, flat, rather than ball shaped; broad, flat, rather loosely arranged petals.

Show. Double; globular or ball shaped; petals more or less quilled; the old-fashioned type of Dahlia.

Pompon. Minature show Dahlias; should be under two inches in diameter.

Cactus. Double; petals are long, narrow, incurved or twisted; have a sort of spidery appearance.

Hybrid Cactus. A cross between the true cactus and decorative; large blossoms; petals broader and larger than the true cactus.

Peony Flowered. Semi-double flowers with open centers; petals more or less flat. Sometimes called "Art" Dahlias.

GLADIOLI

10c each; 70c. for 10 of one variety; \$6.00 per 100 of one variety;
\$50.00 per 1000 of one variety.

AMERICA. A beautiful soft shell-pink color, tinged with lavender. Fine for cut-flowers.

ALBANIA. Pure snow white, large open flowers with beautiful round petals.

ARIZONA. Deep rose pink with maroon markings on lower petals. tall, strong cut-flowers of great keeping qualities.

CRIMSON GLOW. Glowing velvety crimson, shaded deeper in center. Tall, strong grower, considered the best in its color.

E. J. SHAYLOR. Splendid deep rose pink. Good cut-flowers.

EVELYN KIRTLAND. Rich rosy-pink, tipped red, with lighter shade in throat; lower petals blotched with crimson.

HALLEY. Enormous, open flowers of a delicate flesh color shading lighter to the center, with a cream yellow and carmine blotch. Very early.

HERADA. Clear mauve, shaded deeper in the center. Large flowers.

MRS. DOCTOR NORTON. Creamy white, tipped pink with pale yellow throat.

MRS. FRANCIS KING. Large flowers of a light scarlet color, about four and one-half inches across.

MRS. FRANK PENDLETON. Large size borne on straight spikes. A lovely salmon pink with brilliant deep red blotches in the throat.

IDA VANN. Bright red shading to carmine pink.

LE MARECHAL FOCH. Salmon pink, salmon scarlet margins; huge flower on a good spike.

NIAGARA. Delicate creamy yellow, lightly marked and splashed with rosy carmine in the throat.

PANAMA. Rose pink. Sulphur color. Very large.

PEACE. Immense, pure white flowers with a touch of carmine in the lower petals.

1910 ROSE. Deep rose pink with white center.

SCHWABEN. Clear yellow with crimson throat. An old favorite.

MIXED GLADIOLI. An assortment of the best colors named above. You will be well pleased with this mixture.

Mixed Gladioli 60c per dozen.

CANNAS

Good strong 2 to 3 eye divisions, 10c each; 80c for 10; \$6.00 per 100 of one variety.

CHAS. HENDERSON. Large red flowering variety.

CITY OF PORTLAND. Salmon pink. The best pink variety. Green foliage.

FIREBIRD. Magnificent red flowers. Foliage bronze color. A good grower.

GLADIATOR. Dwarf variety. Color yellow with red spots.

J. D. EISLE. Blooms before any other variety of Cannas. Large red flowers. Green foliage.

KATE GRAY. Healthy grower. Flowers immense size, orange color.

KING HUMBERT. The grandest Canna ever introduced. Large heart shaped leaves, brown over bronze. Flowers velvety orange-scarlet, flecked carmine; rose tinted at margin and base. Bronze foliage.

MADAM CROZY. Dwarf variety. Color red with yellow edge.

PRESIDENT. Magnificent red. Flowers immense size. Green foliage

RICHARD WALLACE. Light yellow, green foliage. A very strong grower.

UNCLE SAM. Bright scarlet. Green leaves. A very tall grower.

WILLIAM SAUNDERS. Foliage rich bronze, flowers scarlet red; very showy.

WINTZER'S COLOSSAL. Striking vivid scarlet. Green foliage.

Write for prices on Hyacinth and Tulip bulbs for fall planting. These are Holland grown bulbs.

FESTIVA MAXIMA PEONIES

PEONIES

Strong plants, 3 to 5 eye divisions, 50c each; \$4.00 for 10 of one variety.

DUCHESSE DE NEMOURS. Pure white blooms, large and full double.

EDULIS SUPERBA. Early, rosy pink, carmine striped. Very good.

FELIX CROUSSE. Brilliant red. Blooms freely.

FESTIVA MAXIMA. The best of all peonies. Large bloom, white, with here and there a fleck of crimson.

FLORAL TREASURE. Bright pink, very large and double, fragrant, splendid bloomer.

FRAGRANS. Late Anemone shaped flower of a violaceous rose color; indispensable tall late prolific bloomer.

L'ECLATANTE. Bomb shape, midseason flowers double and full, deep, brilliant velvety-crimson.

LOUIS VAN HOUTTE. Rich crimson maroon, developing a silvery tip when flower matures; very attractive.

MEISSONIER. Brilliant purple-red, fragrant, very tall, free bloomer, bomb shape.

PHILOMELE. Midseason, bright violet rose, amber-yellow center, changing to cream.

PRESIDENT ROOSEVELT. Midseason, semi-rose type, deep red.

QUEEN VICTORIA. Medium early. Large, full, compact bloom, opens flesh white with cream center changing to pure white.

ELBERTA PEACH

PEACH TREES

	Each	10	100	1000
1½-2 ft.	\$0.15	\$1.00	\$ 8.00	\$70.00
2 -3 ft.20	1.50	10.00	90.00
3 -4 ft.25	2.00	15.00	125.00
4 -5 ft.30	2.25	20.00	180.00
5 -6 ft.40	3.00	25.00	220.00

One to four trees or plants of one variety sold at each rate; 5 to 30 of one variety at the ten rate; 30 to 250 of one variety at the 100 rate; 250 or more at the 1000 rate.

BELLE OF GEORGIA. Ripens here the first to fifteenth of August. Fruit is large, white with red cheek; flesh white, firm of excellent flavor. Freestone.

BERK'S FAVORITE. Ripens September 15th to 20th. Size large, skin white with red cheek, flesh white. A good cropper and unexcelled shipper.

BRACKETT. Follows Elberta in ripening. Size, large to very large. Orange yellow skin tinted carmine. Flesh is deep yellow. Freestone.

BILYEU. Large; nearly covered with dark red; flesh white, rich, juicy and firm. A good shipper; rather late. Middle to last of October.

CARMAN. A very hardy peach, ripening here about the middle of July; skin pale yellow, with blush on sunny side; flesh white, tender, sweet and melting.

CHAMPION. Skin is of a rich, creamy white with a red cheek; flesh creamy white, sweet and delicious, rich and juicy. Very large. Ripens about July 20th.

CRAWFORD'S EARLY. Freestone, large, oblong, yellow with deep red cheek; flesh yellow, juicy and rich, excellent flavor.

CRAWFORD'S LATE. Ripens after Elberta. Freestone. High quality and very large size; flesh deep yellow; skin yellow with broad dark red cheek.

EARLY ELBERTA. Exactly the same in both foliage and fruit as the old reliable Elberta. Ripens a week before this well-known variety.

ELBERTA. Midseason. A valuable large peach, of good quality; fruit large, yellow with red cheek; juicy and extremely high flavored; flesh yellow; freestone. The leading market variety. Ripens here about the middle of August.

FOSTER. Large, roundish; color bright yellow shaded with red; flesh yellow. Juicy, tender and much like Early Crawford. Ripens about the same time. Freestone.

FOX SEEDLING. Freestone. Ripens about September 15th. Fruit is very large and of good quality and flavor.

FRANCES. Ripens about August 25th to September 1st. Skin yellow with red cheek. Flesh yellow. Freestone.

GLOBE. Freestone. Skin golden yellow with red cheek. Flesh yellow. Fruit very large and handsome. Midseason.

GREENSBORO. Ripens here from June 25th to July 10th. Large, white with a red cheek; rich and melting, juicy; tree a strong grower.

HILEY. Ripens about a week before the Belle of Georgia. Tree very hardy. A large creamy white peach with a rich blush on the sunny side. Freestone.

IRON MOUNTAIN. Ripens September 1st. Freestone. Fruit is of large size, color white.

J. H. HALE. One of the best sorts for market or garden. Fruit is very large, round, quality excellent. Skin yellow finely colored, flesh yellow, sweet and melting. Ripens just before the Elberta. A very good one.

KRUMMEL. Freestone. Season of ripening in Delaware about September 10th to 20th. Fruit is quite large, fine flavor; skin yellow, splashed with red.

KALAMAZOO. Large yellow. Good quality, productive and profitable. Early September.

ROBERTA. Yellow; freestone; ripens about ten days after Elberta which variety it resembles very closely. Ripens at a time when peaches always bring good money.

ROCHESTER. Has the habits and characteristics of the Crawford, but fully two weeks earlier. Yellow, freestone, good size; very sweet; fine flavor: Ripens middle July.

WHITE HEATH CLING. Ripens about September 10th to 15th. Fruit extra large, roundish; flesh white, exceedingly juicy. Favorite with all housewives for canning purposes.

STUMP. A showy, white fleshed peach with a bright red cheek. Very large; juicy, sweet and good. Is freestone and ripens near the end of September.

PEAR TREES

	Each	10	100	1000
3-4 ft.	\$0.60	\$5.00	\$40.00	\$300.00
4-5 ft.70	6.00	50.00	400.00
5-6 ft.80	7.00	60.00	500.00

BARTLETT. Season last of August to September 15th. Good strong grower, flesh is white, fine grained, luscious, large and buttery; has a rich melting flavor and is very sweet.

CLAPP'S FAVORITE. Summer. Fruit large, lemon color, spotted with brown dots; flesh fine, rich and sweet. A very good one.

DUCHESS. Strong grower, productive, not subject to blight. Fruit large, light green patched with russet, melting, juicy, sweet and good. October to November.

KIEFFER. Prolific. Abundant and regular bearer. Good shipper. Fruit large, color yellow with red cheek. Will produce ten bushels of pears to the tree when ten years old, begins fruiting successfully when three years old. October.

LE CONTE. Robust tree; luxuriant foliage; fruit large, attractive. Season July and August.

LAWRENCE. Medium, yellow with brown dots, melting, pleasant, aromatic. November and December.

SECKEL. Medium size, skin rich, yellowish brown with deep brownish red cheek when fully ripe; flesh very fine grained, sweet, exceedingly juicy, melting and buttery. One of the richest and highest flavored pears known. Summer.

MULBERRIES

	Each	10	100
2 yr. 4-5 ft.	\$0.50	\$4.00	\$30.00
2 yr. 5-6 ft.60	5.00	40.00
2 yr. 6-8 ft.75	6.00	50.00

RUSSIAN. Tree is a splendid grower, soon attains good size, fruits very heavy regularly, a good crop of the most delicious mulberries. Trees bear when quite young, beginning second year in nursery row.

DELICIOUS APPLE

APPLE TREES

Growing good Apple Trees is one of our specialties. Our list of varieties is confined to the best ones only. Most varieties of Apples on our list do well in all sections of the country where Apples are grown. For spraying instructions consult your County Agent or Experiment Station in your state.

	Each	10	100	1000
1 yr. 1-2 ft.	\$0.20	\$1.50	\$12.50	\$100.00
1 yr. 2-3 ft.25	2.00	18.00	150.00
1 yr. 3-4 ft.30	2.50	20.00	180.00
1 yr. 4-5 ft.40	3.00	25.00	225.00
2 yr. 4-5 ft.40	3.00	25.00	225.00
2 yr. 5-6 ft.50	4.50	40.00	300.00

One to four trees or plants of one variety sold at each rate; 5 to 30 of one variety at the ten rate; 30 to 250 of one variety at the 100 rate; 250 or more at the 1000 rate.

BALDWIN. Large, roundish, skin deep red; flesh juicy, crisp, sub-acid, good flavor; very vigorous and productive. The best all-around winter apple for New England and Northern States. Splendid keeper; December to March.

CORTLAND. The fruit is medium to large in size, of a bright red color. Flesh is pure white. Very good flavor.

CRIMSON BEAUTY. Tree strong grower. Fruit ripens early before Transparent. Medium size, skin waxy-green with pale blush.

DELICIOUS. Winter apple. Keeps well, color red and yellow; fine grained and quite juicy; flavor slightly acid but very good.

DUCHESS. Very hardy grower, fruit medium size, red striped, bright red splashed with crimson. A very good early apple.

GANO. Good size, deep red with tender yellow flesh. A good keeper and shipper. Tree a strong grower and bears well. Fruit has a peculiar cone shape. Season, February to May.

GRIMES GOLDEN. Very large, skin golden yellow; flesh tender and crisp. A very good fall Apple. September to January. Grown in all sections of the country.

HENRY CLAY. Comes into bearing two or three days ahead of the Transparent. Very prolific, of large size, green with slight blush.

HYSLOP (Crab Apple) Large, handsome, crimson splashed with dark red. Very prolific. September.

JONATHAN. Most beautiful of all apples. Season November to April. Fruit medium to large, roundish, yellow nearly covered with red, fine grained, tender and finely flavored.

KING DAVID. Early winter. A heavy annual bearer of medium size, dark red apples.

MCINTOSH. Medium size, nearly covered with a bright red; flesh yellowish, tender, juicy, sub-acid. October to February.

MAIDEN BLUSH. One of the most beautiful; pale lemon with crimson cheek; flesh white, tender and crisp. October.

MAMMOTH BLACK TWIG. Very similar to Paragon.

NORTHERN SPY. Large, bright, light red and yellow. Flesh juicy, rich, crisp, tender, aromatic, of good flavor. Tree strong grower. November to March.

PARAGON. Winter. A round apple of extra large size; skin smooth, yellowish, covered with deep red, the general effect being dark red; flesh tender, tinged with yellow; crisp sub-acid, aromatic, of excellent quality in every way.

RED ASTRACHAN. Large nearly covered with deep crimson; juicy rich, acid, beautiful. Tree a vigorous grower. A good bearer. August.

ROME BEAUTY. Large, roundish, slightly conical, with bright red on a pale yellow back-ground; fine grained, juicy; good quality.

SMOKEHOUSE. Fruit medium to large, uniform size and shape. Color yellow or greenish mottled with rather dark red. Oct. to March.

STAYMAN'S WINESAP. November to April, but keeps well in May. Large in size, fine appearance, good flavor, juicy and crisp, color red.

TOLMAN'S SWEET. A splendid winter sweet apple. Color yellow, good cooking apple. Bears when young.

WEALTHY. Fall. Almost solid red. Flesh white, tender, crisp, juicy, fine grained. A good keeper.

WINTER BANANA. Size large, golden yellow with bright crimson red. Beautifully shaped. Flesh lemon yellow, fine grained, sub-acid, rich aromatic flavor. Season November to January.

WILLIAM'S EARLY RED. Among the earliest to ripen and the largest of all early apples. A better name for it is "Big Red Apple." Flesh is white, and slightly tart, like Transparent, bears heavily on young trees.

WINESAP. Medium to large size. Red color; flesh yellow, firm, crisp, with rich flavor, quality very good. November to May.

YELLOW TRANSPARENT. Fruit medium to large, with a brilliant waxy skin; flesh is tender, crisp and juicy; color yellow.

YORK IMPERIAL. Starts bearing early and bears a good crop each year. Skin bright yellow covered with bright red and striped. Very large.

CHERRY TREES

	Each	10	100	1000
3-4 ft.	\$0.60	\$5.00	\$40.00	\$300.00
4-5 ft.70	6.00	50.00	400.00
5-6 ft.80	7.00	60.00	500.00

One to four trees or plants of one variety sold at each rate; 5 to 30 of one variety at the ten rate; 30 to 250 of one variety at the 100 rate; 250 or more at the 1000 rate.

SWEET CHERRIES

BLACK TARTARIAN. Black, very large, rich and sweet. Productive. Ripens last of June.

GOVERNOR WOOD. Yellow with red cheek; tender, rich, delicious; very fine, large roundish; depresses at stem; productive; early.

NAPOLEON. Yellow, tinged with red. Good shipper.

SCHMIDT'S BIGARREAU. Flesh tender, juicy, good flavor. Mahogany color.

YELLOW SPANISH. Ripens early in June. Fruit large, color yellow. Tree a vigorous grower.

SOUR CHERRIES

BALDWIN. Ripens in June. Large, round, slightly sub-acid. Sweetest and richest of all the Morello type.

DYEHOUSE. A sure bearer, largely planted for early market and home use; ripens a week before Early Richmond, which it resembles very much. Bears heavy crops on very young trees.

EARLY RICHMOND. Medium to large; dark red, juicy, good flavor. June.

ENGLISH MORELLO. Large size, color dark red; quality very good. Late.

MAY DUKE. Large, red, juicy, rich. Ripens in June.

MONTMORENCY. Medium to large. Dark red, juicy, good flavor. Late.

PLUM TREES

	Each	10	100	1000
3-4 ft.	\$0.50	\$4.00	\$30.00	\$250.00
4-5 ft.60	5.00	40.00	300.00
5-6 ft.75	6.00	50.00	450.00

ABUNDANCE. Fruit very large and showy; flesh light yellow, exceedingly juicy, tender and sweet. A good market variety.

BURBANK. Fruit very large; dark violet red; flesh juicy and pleasant. Ripens middle of August. Productive.

GREEN GAGE. Skin pale green. Excellent. An old standard variety.

GERMAN PRUNE. Dark purple or blue; juicy, rich, of best quality. September.

RED JUNE. Ripens first of August. Fruit large, flesh light lemon yellow, half-cling; slightly sub-acid, of good quality. Very productive.

SHROPSHIRE DAMSON. Medium size fruit, produced in thick clusters or groups. Tree a strong grower and very productive of dark purple colored plums. October.

SATSUMA. Very productive, bearing regularly. Fruit large, red, fleshy and of excellent quality and flavor.

APRICOT TREES

	Each	10
4-5 ft.	\$1.00	\$8.00

ALEXANDER. Large, orange skin and flesh. The best Apricot. July.

QUINCE TREES

	Each	10
2 yr. 4-5 ft.	\$0.75	\$6.00

CHAMPION. Tree strong grower; produces a good crop every year. Fruit is large and of good quality. Cooks as tender as an apple. October.

BOURGEAT. Large golden yellow; fine quality; tree healthy. A good one.

ORANGE. Good size. Heavy bearer. Flesh orange yellow.

BLACKBERRIES

	Each	10	25	100	1000
1 yr.	\$0.10	\$0.50	\$1.00	\$3.00	\$25.00
2 yr.15	1.00	2.00	6.00	50.00

BLOWERS. Large size, jet black, good shipper. Very hardy and productive.

ELDORADO. Berries jet black, very large and of finest quality.

EARLY HARVEST. A compact grower; very productive; ripens early.

FRENCH-LAWTON. Ripens very early, in fact before Lucretia Dewberries. Fruit of excellent quality.

MERSEREAU. Late. Exceptionally sweet, rich and melting; nearly without core.

SNYDER. Fruit large, good quality. Strong grower. An old favorite.

DEWBERRIES

	Each	10	25	100	1000
No. 1 plants	\$0.06	\$0.50	\$1.00	\$2.50	\$16.00

AUSTIN. Ripens before Lucretia. A valuable variety for table use.

LUCRETIA. Extremely productive of berries as large as the largest blackberries; ripens two weeks earlier.

BLUEBERRIES

No. 1 plants	\$2.00 each
--------------------	-------------

The cultivated type of Blueberries are much better size and quality than those from collected plants. They prefer a moist type of soil.

CURRENTS

	Each	10	100	1000
No. 1 plants	\$0.30	\$2.50	\$15.00	\$125.00

FAY'S PROLIFIC. Red. A very vigorous grower. Fruit of very large size.

WILDER. A vigorous upright growing bush. Very hardy. Berries are large.

GOOSEBERRIES

	Each	10	100	1000
2 yr. No. 1	\$0.30	\$2.50	\$15.00	\$125.00

DOWNING. Fruit is quite large, pale green in color and of splendid quality.

HOUGHTON. Medium size berries; plants extremely hardy and healthy.

RASPBERRIES

	Each	10	25	100	1000
1 year	\$0.10	\$0.60	\$1.00	\$3.00	\$25.00
2 yr. Transplanted15	1.00	2.00	6.00	50.00

CUMBERLAND. Produces large, jet black fruit; firm and of good quality, sweet and mild. Midseason.

CUTHBERT. Red. Heavy yielder of large solid fruit.

PLUM FARMER. Black. Largest of all black Raspberries. Very good quality.

ST. REGIS. Everbearing. Ripens with the earliest and continues until autumn. Flesh firm and meaty.

ASPARAGUS ROOTS

	25	100	1000	10,000
2 yr. No. 1	\$0.80	\$2.00	\$10.00	\$80.00
1 yr. No. 160	1.25	6.00	50.00

BARR'S MAMMOTH. Early and very large; makes a rapid growth.

CONOVER'S COLOSSAL. An old variety which is very popular.

GIANT ARGENTEUIL. Early. Stalks are immense size, rich and tender.

PALMETTO. Very large and productive. Of southern origin.

WASHINGTON. A new variety. Not affected by rust.

RHUBARB OR PIE PLANT

	Each	10	100	1000
2 yr. No. 1	\$0.08	\$0.70	\$5.00	\$40.00

MYATT'S LINNEAUS. Early, large, tender and of good quality.

NUT TREES

	Each
BLACK WALNUT	
6 to 8 feet	\$2.50
ENGLISH WALNUT	
3 to 4 feet, grafted	\$4.00
4 to 5 feet, grafted	5.00
ENGLISH WALNUT (From Seed)	
4 to 5 feet	\$2.50

BUTTERNUT	
4 to 5 feet	\$1.50
PECAN	
7 to 8 feet	\$3.00

Gentlemen: New Jersey, April 19, 1928.

The trees and shrubs arrived in first class condition. Have them all planted and some of them you would never know were transplanted, as they are pushing right out. I am very much pleased with your kind attention and prompt service.

Very respectfully yours,
Mrs. Ellen J. Stauffer.

PREMIER—The Money-Making Early Strawberry

STRAWBERRIES

The growing of good Strawberry plants is one of our specialties. Our plants are grown under the personal supervision of G. E. Bunting who has spent a life's work on Strawberries. Naturally this long experience means much to our customers, because as Strawberry specialists we know the varieties at sight, and keep our plants true to name.

AROMA. (Perfect). Late Plants are large, very vigorous and healthy; fruit large, roundish, and of a bright glossy red. Excellent quality.

BIG LATE. (Imperfect). Late. Vigorous grower. Very productive. Berries very large and rich in color. Will carry to the market in excellent condition.

BIG JOE. (Perfect). Late. Ripens with Chesapeake, about three days before Gandy. Fruit is firm, of large size, and has a good flavor. If you are not growing Joe plant heavily of them this spring.

BARCLAY. Same as New York.

BRANDYWINE. (Perfect). Medium late. Fruit extra large and very firm. Has unexcelled shipping qualities.

CAMPBELL'S EARLY. (Perfect). The earliest variety on our list. Berries beautiful rich red, of large size. A very good variety. Excellent for table use.

CHESAPEAKE. (Perfect). Late. Ripens a little earlier than Gandy. Has a beautiful appearance, is large in size and uniform in shape. Foliage dark green, rich and vigorous.

CORSICAN. Same as New York.

DR. BURRILL. (Perfect). Very similar to Senator Dunlap. Excellent for canning and very delicious for table use.

GIBSON. (Perfect). Exactly the same as Parsons' Beauty.

GANDY. (Imperfect). Late. Fruit is extremely large and fine flavored. The perfect shape of the berries and the large bright green caps make the berries very beautiful and attractive. Has good shipping qualities.

GLEN MARY. (Perfect). Midseason. Berries are very large size, dark red in color, with prominent seeds of bright yellow. A strong grower, makes large healthy plants with dark green foliage.

HAVERLAND. (Imperfect). Midseason. Exceedingly productive. Fruit large and very fine. Color light.

HEFLIN EARLY. (Perfect). Early. Very good for table use or for nearby markets. One of the earliest to ripen. Very productive.

HOWARD 17. (Perfect). A new variety which we understand is the same as Premier. We cannot see any difference in the two varieties growing here on our grounds.

HUNDRED DOLLAR. Same as New York.

JUMBO. Same as New York.

KLONDYKE. (Perfect). Early. Berries uniform in shape and size. Dark red, mild and delicious, very handsome. Plants make a remarkable growth. Foliage light green.

LADY CORNEILLE. (Perfect). For California, the Middle and Southern States we recommend Lady Corneille. It does well on almost any soil. Fruit is dark red in color, large and conical in shape. Very productive.

LUPTON LATE. (Perfect). In many respects quite like Gandy. Comes into bearing a few days ahead of Gandy. Berries large and bluntly conical; its double dark green cap sets the fruit off wonderfully. Produces an abundance of large, bright flame colored berries with shipping qualities unsurpassed.

MARSHALL. (Imperfect). Early to midseason. A reliable market berry. Is a strong grower and makes plants freely. Early to mature. The berries are well colored, firm, large and hold their size well throughout the season.

MASCOT. (Perfect). Late. Begins ripening about three days after Gandy. Fruit is very fine and large. Berries light and firm.

McKINLEY. Same as New York.

MISSIONARY. (Perfect). Early to midseason. A strong grower making plants freely. Comes in among the earliest to ripen; very productive; berries are well-colored, firm and large.

NICK OHMER. (Perfect). Medium late berries, large in size. Glossy red, globular in shape, with bright green caps. California growers are having especially good success with them.

NEW YORK. (Perfect). Midseason. Plants are large and healthy. Fruit is extremely large. Well-colored. This berry is so popular that it has been introduced under many different names.

OSWEGO. Same as New York.

PREMIER. (Perfect). Early to late.. Noted for its long fruiting season. Is adapted to all sections of the country. No weaknesses of any kind. Fruit is large and holds its size well throughout the season. Foliage is smooth, bright and clean. A good plant maker. The most extensively planted variety of strawberries at this time.

PARSONS' BEAUTY. (Perfect). Midseason. Produces a large crop of fruit each year. Plants are splendid growers on any soil that will grow strawberries. Fruit large, conical, uniform shape, dark red and very good quality.

PRIDE OF MICHIGAN. Same as New York.

RYCKMAN. Same as New York.

SUCCESS. (Perfect). Midseason. A very good one for home use or nearby markets. Fruit is extra large, bright scarlet color. Flavor mild, sweet and rich.

SAMPLE. (Imperfect). Medium late. Extensively planted throughout the entire North. Fruit is very large and firm enough for long distance shipments. A very good cropper.

SENATOR DUNLAP. (Perfect). Early midseason. A reliable market berry. Very productive. Fruit medium, firm and attractive.

SHARPLESS. (Perfect). Midseason. One of the best varieties of strawberries grown in a commercial way, and still a favorite among many growers.

TENNESSEE PROLIFIC. (Perfect). Midseason. Fruit is very large, bright red, ordinarily firm and attractive. One of the heaviest croppers we know.

UNCLE JIM. Same as New York.

WARFIELD. (Imperfect). Medium to late. Produces a large berry of extraordinary beauty and quality. Very good for home use and nearby markets.

FALL OR EVERBEARING STRAWBERRIES

CHAMPION. Produces plants moderately and fruit in abundance. Resembles Progressive very much.

MASTODON. Fruit is large and has a good waxy appearance. Plants are large and healthy. Foliage deep, glossy, black green. Produces an abundance of fruit. The best everbearing variety.

PROGRESSIVE. A wonderful fall-bearing variety. The spring set plants not only produce a big crop of berries the same season, but the runner plants begin to bear fruit as soon as set.

Not less than 25 plants sold of any one variety; 50 to 250 plants of one variety sold at the 100 rate; 250 to 500 sold at the 250 rate; 500 or more sold at the 1000 rate. All plants are tied in bundles of 25.

MOORE'S EARLY

NIAGARA

GRAPE VINES

AGAWAM. Deep red or maroon. Fruit large and meaty. Ripens with Concord.

BRIGHTON. One of the best red varieties; flesh tender and sweet.

CLINTON. Black. Strong grower. Berries are small to medium size. A good variety for home use.

CACO. It is wine-red with abundant bloom: berries large; bunches medium in size, compact and of good form. Ripens almost with Concord, possibly a few days earlier.

CATAWBA. Ripens late. The bunches and berries are medium in size and red in color. A very good grape.

CONCORD. The most popular black variety of grape in America. Bunches large and compact. Skin is tender, juicy and sweet. Extremely productive.

DELAWARE. Red in color. Small to medium in size; excellent flavor. Bunch small but compact.

IVES. Very hardy. Ripens earlier than Concord. Black.

LINDLEY. Red. Fruit very large and round. One of the best red grapes.

MOORE'S EARLY. Deep black. Ripens fully two weeks before Concord. Large and of best quality. A profitable variety for either home or market use. Makes excellent wine.

NIAGARA. White. Cluster large and compact; berry large, amber white with white bloom; thin skin, tender, sweet and luscious. Ripens in midseason with Concord.

SALEM. Red. Bunch large, berry large and round; flesh tender and juicy. A good grape.

WORDEN. Blue-black. Vine moderate grower; grapes very large, thin skin, very fine flavor. One of the earliest, ripening about ten days before Concord.
